

MRP Results: Q18 (Labour Government EU Relationship)

Thinking about the next General Election, if the Labour Party led by Keir Starmer won, do you think a Labour government should seek a closer or more distant relationship with the EU?

MRP Results

Fieldwork dates 22 Nov to 29 Nov 2023
Sample size 10 006

Methodology

Focaldata specialises in mapping opinion poll data onto smaller geographic areas, using a technique known as MRP, or Multilevel Regression with Post-stratification. Data was collected on Focaldata's online platform, which plugs into a global network of panels and uses machine learning to automatically detect and screen out inconsistent and disengaged respondents. While the sample is not large enough to treat the data as separate constituency polls, we use MRP to look for patterns in responses across constituencies that have similar characteristics, and then work out the implications of those patterns for each constituency.

For further enquires, please check out Focaldata's website or contact nate.roundy@focaldata.com

Thinking about the next General Election, if the Labour Party led by Keir Starmer won, do you think a Labour government should seek a closer or more distant relationship with the EU?
